ance Are Inable to Check! Powerful Drive.

All through the night the great British and French offensive which began Saineday morning continued with intensity and there was no diminution in the battle on Sunday. Both British and French war offices report a steady advance at certain points but speak also of the formidable German resistance.

Fricourt, an important town three miles, east of Albert, has fallen to the British arms, while the French have taken Curlu, which lies to the southeast. The furbiles at the southern end of the British line, where it is in contact with the French, is of the flercest. nature, tremendous artillers actions preceding all the infantry attacks.

The French have taken about 6,000 prisoners, according to the latest estimates, while the British. though reporting the explure of 3,500. later declared that the esilmates were too low. Owing to the nature of the battle it is not doubted the casualties are very

Notwithstanding the terrific oftensive against them in the Som-me river region, the Germans have not ceased in their efforts around Veedon. They have bom-barded several of the Verdon sectors and have lannehed in-fentry attacks against the French trenches. While Berlin declares that the French attacks against the famous Thiaumont work were repulsed by curtains of fire the Preach was office atmounces that strategie position has been
